HUNTER FOUND DEAD ON TRAIL

CANYON ROAD TO BE TUNNELED AT FARWELL

Albert Fischer, Hayward Man, Dies From Excitement of Chase

Search for Albert E. Fischer, Sr., by two hundred volunteers, was completed Sunday morning, a little more than forty-eight hours after the estimated time of his death. Fischer's body was found face downward on a trail about half a mile from a cabin on the Apperson ranch in the Livemore hills where he and T. B. Russell, Jr., had camped last Thursday evening.

Body Found

Discovery of the dead man was made at 9:15 Sunday morning. First to find the body were Joseph Grana, 'Gene Flynn, and Joseph McGlinchie, of Livermore, and an instant later came John Mancini, Kenneth Fry, and E. C. Collins, of the Twenty-Thirty club, of Hayward. Tony Silva, also of Hayward arrived about that time. Fry fired the shot that notified other searchers that their quest was at an end.

Heart Attack

As he had fallen, Fischer lay face downward in the trail. Evidently, death was caused by heart failure brought on by over-exertion in climbing the trail. For forty years or more he had been a sportsman and hunter, and at the time of death he had been pursuing his favorite pastime, dear hunting.

Funeral Rites

Funeral serviceo were held at Hayward for the deceased at 2 o'clock Tuesday afternoon. Officials and members of Eucalyptas Masonic lodge conducted the Masonic service, and Rev. Richard C. Day, of Eden Congregational church, acted in the capacity of officiating minister. Interment took place at Lone Tree cemetery.

Fischer, who up until a few years ago was Hayward agent for the Railway Express company, was sixty-three years and four months of age. His birthplace was New York. He had been a resident of Hayward for half a century and was beloved by the many who called him friend. He was a member of the Scottish Rite Masonic bodies, the Shrine order, and Eucalyptus lodge.

Survivors of Fischer are a wife, and three children, Albert E. Fischer, Jr., E. M. Fischer, and a daughter, Mrs. Cecil F. Gore.

STUDENTS LAUDED AT CHURCH ON RALLY DAY

Many children received recognition for outstanding work done during the past year when Rally and Promotion day was held at the Niles Congregational church, Sunday, September 7. This is an annual event and is looked forward to with much anticipation by students of Sunday school. In form Rally day is very much like the first day of grammar school, for then children are placed in classes and arrangements are made for religious education during the rest of the year.

FERRYS VISIT LOS ANGELES

Mr. and Mrs. J. D. Ferry and son, Frank, enjoyed a three-day trip to Los Angeles last week. While there they visited at the home of Mrs. Eva Helsby, of Glendale, and Mr. and Mrs. Jack Goldener of Hollywood.

HARD TIMES?

The Federal Reserve Bank survey shows that America's 257 leading corporations had net profits for the first quarter of 1930 of $317,000,000, against $303,000,000 for the same period in 1928.—The American Magazine.

Joe Gomes, Roadmaster, Says Building Program About Ended

J. D. Gomes, roadmaster, reports that work now under way on Niles Canyon highway is practically completed, and that finishing will be done in another ten days. Three-fourths of a mile is under construction near Clark's bridge, and one-half mile near Steel bridge. In both instances the road is being widened, graded, and made ready for a final oiling process.

Gomes stated that at present tentative plans are being made for further roadwork which will be done above Farwell and that tunneling under the Western Pacific railroad tracks is being considered. Discussion concerning the advisability of straightening out the highway where a crooked bridge now makes traveling dangerous will also take place.

Other work that is now being done is erection of an iron fence around the Niles Grammar school grounds, and this new feature will be ornamental as well as a protection for the children.

CONGREGATIONAL CHURCH TO HOLD COMMUNION HERE

Rev. Elmer C. Brinkmeyer, pastor of Niles Congregational church, has announced that on Sunday, September 14, at 11 a. m., special church services, featuring communion, will be held.

Subject of the sermon that Rev. Brinkmeyer will deliver is "Do we need a creed?" This is to be especially forceful, and will give those who think deeply on religious subjects much food for thought. All church members are urged to attend, as this is to be an unusual opportunity for expansion of religious knowledge.

OCCUPY ABROTT RESIDENCE

Mr. and Mrs. Rinaldo Cozzi are now occupying the Abrott residence on "H" street. They established their home there this week.

Whittier—William Stewartt, Jr., purchased Scenic Theater lease from Fox Corporation.

TOYON BRANCH OF HOSPITAL HOLDS MEETING MONDAY

A call meeting of Toyon branch of the Children's hospital of southern Alameda was held Monday afternoon at the home of Mrs. J. E. Thane, who with Mrs. Rosalie Donovan, was hostess. Routine business was discussed, and date for the next meeting was set, which is to be September 22, at the home of Mrs. Lawrence Bunting.

A report was made concerning the quota for Washington township, and it was stated that so far $250 had been sent to headquarters in Oakland, and that an additional $100 would be sent later. Each year it has been the custom for this unit to contribute this amount toward the upkeep of the hospital.

ENGAGEMENT ANNOUNCED

The engagement of Leonard Bakke to Miss Elizabeth Wilman, of Alameda, has been announced this week. As yet no date has been set for the wedding.

Susanville—Oiling of local streets underway.

TOWNSHIP COUNTRY CLUB LUNCH GIVEN AT CENTERVILLE

Mrs. R. L. Pond Presides At Open Meeting Wednesday

Annual luncheon of the Washington Township Country club was held Wednesday, September 3, at Centerville, and was a complete success. Those on the lunch committee were Mrs. Harvey Braun, chairman, and a group of assistants, who aided greatly in making this one of the most enjoyable affairs ever held at the club.

Mrs. R. L. Pond, new club president, opened the program with greetings to all, including visitors, ten being present.

Mrs. Harold Johnson, of Berkeley, gave three very beautiful vocal solos. She was accompanied at the piano by Mrs. H. Yost, also of Berkeley. A short address was delivered by Mrs. S. S. Ripley, district federation president. Mrs. Edgar W. Pickering, president of Alameda County Federation, gave a very interesting talk on "Why Americans are Hated." Tolerance for all people of all nations, their religious beliefs, and their customs were points of the speech emphasized.

An announcement was made that the next regular meeting would be held Tuesday, October 7. As the program chairman has planned an especially interesting feature for that day all members are urged to attend.

Mission San Jose Man Commits Suicide

ANTONIO SILVA TAKES LIFE AFTER EXTENDED PERIOD OF ILLNESS

Antonio Joseph Silva, an employee at the Williams ranch near Mission San Jose, committed suicide last Thursday morning at 5 a. m. by shooting himself through the head with a twelve guage shotgun, which was loaded with buckshot. When the shot was fired other people nearby became alarmed and upon investigating found Silva lying on the floor in a pool of blood.

A call was sent immediately to the coroner's office, and Deputy Coroner John C. Halloran, of Centerville, and Constable Thomas Silva responded.

Remains were removed to the funeral parlors, and on the following morning, Saturday, services were held from Mission San Jose Catholic church; interment being made in Holy Ghost cemetery, Centerville. The deceased is survived by several brothers and sisters whose present address is unknown. At the time of his tragic demise Silva was forty years of age. He was a native of the Azores, but for many years had been employed on ranches in and around this district.

Despondent

People at the ranch who knew him stated that for some time he had been in very poor health, brought on by a systemic disorder, and that brooding over his condition had finally caused him to take his own life. Evidently he had been contemplating this step for sometime, for, according to reports, he had been moody, and subject to melancholy periods when he refused to communicate with his fellow workers.

Final arrangements for the funeral of Silva were made by the F. F. Botelho establishment at Centerville.

WELFARE BOARD MEETS IN NILES THURSDAY A. M.

Welfare Board of southern Alameda county, Children's department headed by E. W. Burr, will hold a meeting in the Jane Clough Memorial Library building, Niles, this morning at 10. Mary McKever, of Hayward, secretary of this department, and Mrs. Lula Boyd Stevens, executive secretary for Alameda county will attend. Others present to assist are to be Mrs. James Whipple and Mrs. P. A. Ellis.

All business on hand will be discussed and reports will be made by various chairmen in charge of work.

BENDER RETURNS EAST

Godfrey Bender, formerly employed at the Schuckl company, Niles, has left for his home at Joplin, Missouri, where he will remain for an extended period.

S. Marshall and son, Thomas, and Joseph Masterson, of Hayward, went duck hunting near San Mateo Tuesday morning. They returned with a good bag of game.

ALAMEDA COUNTY PUBLISHERS MEET AT OAKLAND INN

W. B. Zambresky Host At Banquet Given On Saturday

Alameda county newspaper publishers were guests of W. B. Zambresky, publisher of the San Leandro Reporter, Saturday, September 6, at a dinner given at noon at the Oakland Airport Inn.

"Zam," as he is called by his newspaper friends, had a real program prepared for this meeting. R. A. Marshall, a retired publisher and founder of the San Leandro Reporter, gave a talk on "Pioneer Publishers of Alameda County," which concerned newspaper making fifty-two years ago. Reports of the state-wide newspaper publishers meeting at Sacramento were also made; these being of particular interest to Alameda county editors.

This was the second gathering of county newspapermen, and proved to be a great success.

Those present were:

R. A. Marshall, former San Leandro editor.
R. R. Kinksley, Journal, Livermore.
Norman H. Parks, Register, Niles.
M. R. Henry, Herald, Livermore, and president of the Alameda county unit.
J. J. Hooper, Review, Hayward.
K. K. Hooper, Review, Hayward.
George Oaks, Pioneer, Alvarado.
J. J. Motzko, Journal, Hayward.
DeForest Sanford, News, San Leandro.
J. Sherman McDowell, Times-Star, Alameda.
Edwin H. Wilder, head of the San Francisco Bureau of the California Newspaper Publishers Association, and John B. Long, general manager of the association at Los Angeles.

Following Mr. Marshall's talk a discussion was held concerning the failure of certain school districts to comply with the law which says they must print an itemized statement of school expenditures. This was very important and stress was laid on various points brought out during the talk.

SCHUCKL CLOSES PEACH RUN WITH 200,000 FULL CASES

Approximately 375 cannery workers have been laid off by the Schuckl company this week. Up to date output at the plant has been about 200,000 cases of peaches, and these were mostly for foreign shipping. Twenty-five men have been kept on the force for routine work about the establishment.

J. E. Townsend, manager of the Niles branch, stated that on September 15 the fruit salad run would begin, and that a full force of workers would be employed. End of the canning season is expected on or before November 15, after which no work will be done until the 1931 season.

One million boys and girls are now playing in amateur orchestras and it is estimated that one million more children are taking piano lessons.—Woman's Home Companion.

First Meeting Called For Thursday Evening, Sept. 11

A movement is under way to organize a large Washington Township Community Chorus, and the first meeting is to be held tonight at Washington Union High school, at Centerville. Plans being considered call for two concerts during the year of 1930-31; first to be presented to the public at Christmas and the other to be of a secular nature during the spring, which will include grand opera and folk songs of all nations.

200 Voices

Over 12,000 people are living in this township at the present time and as yet no such organization as the one proposed has ever existed here. With such a population a chorus of 100 to 200 voices should be possible with no trouble at all. However, it is very necessary that it be brought to the attention of social, religious and civic bodies in the district. Many people enjoy singing but lack the opportunity of following it up properly. Many consider their voices unfit for solo renditions but find that they are adequate in a large chorus. There are other districts that have been able to have choruses of this kind, and they have had most successful results. With such a wide field as Washington township, with so many voices to choose from, it is impossible to tell what such a chorus might develop into, or what excellence it might attain.

Great Benefit

This township would benefit from a community chorus in many ways. In addition to musical and recreational satisfaction its members would derive, development of such an organization would make it possible for churches and schools to have more and better trained voices. Men and women from every walk of life, from everywhere in the district, could meet and unite in a group that would bring much enjoyment. Washington township's good name would be kept before people of California, and would be an added attraction for prospective residents considering the advisability of settling in this locality. More culture and refinement would be indicated by the willingness of people to join together to make a project of this kind a success.

Orchestra Also

An orchestra will be developed in connection with the chorus, which will greatly enhance the enjoyment of concerts. Due to the amount of effort put forth in schools there are now many creditable performers on the various orchestral instruments. Orchestra rehearsals were begun at Washington Union High on September 9, and will continue through the year.

Cooperation

Those who are sponsoring this community chorus are asking for cooperation from everyone in the township, for this is a worthy cause, and no one can go wrong in giving their support. There will be no cost in connection with joining chorus or orchestra, for music will be furnished both singers and players, and Washington Union High school offers an ideal place for rehearsals. John E. Kimber, school instructor, will direct all proceedings, and his has been a wide and successful experience in this field.

SMITH-MILLER WEDDING SOLEMNIZED AT SAN JOSE WEDNESDAY AFTERNOON

Oregon Girl Bride After Friendship Of Two Months

AUDREY SMITH, of Springfield, Oregon, became the bride of Henry Joseph Miller at a quiet ceremony performed by Judge J. E. Miller, of San Jose, in that city on Wednesday of last week. The wedding took place at 2 p. m. and the bride and groom were attended by James Miller, who officiated as best man, and Mrs. Milton Lane, matron of honor. Arthur Brown, sister of the groom, was also present.

Mrs. Miller wore a gown of orchid georgette, with a cream lace hat, and carried a shower boquet of orchids tied with satin robbon of a contrasting shade. Mrs. Lane was dressed in cream colored silk with matching accessories.

Following the ceremony the group returned to Newark, where Mr. and Mrs. H. Zahren, relatives of Mr. Miller, were hosts at a dinner in their honor. Those present were Mr. and Mrs. Milton Lane, Mr. and Mrs. A. Lane, of Centerville; James Miller, Mr. and Mrs. Paul Gygax, Mrs. Josephine Camery, John Souza and Mr. and Mrs. John Berryessa, of Mt. View.

Mr. Miller is well known in Newark and adjoining communities, as he has been a resident here for several years. The bride formerly lived with her parents in Springfield, Oregon, and has been in Newark only two months. She is a sister of Mrs. Milton Lane.

Several affairs were given in honor of the bride and groom, and one of them was a party given Friday night at the home of Mr. and Henry Mrs. Zahren. Approximately thirty people gathered to congratulate the young couple, and the evening was spent dancing any playing cards.

Mr. and Mrs. Miller will reside in Newark, and Mrs. Camery, Mr. Miller's grandmother, will make her home with them for a time.

Mr. and Mrs. Harry Zahren, and Mr. and Mrs. Henry Miller visited friends in Sunol Sunday.

Vargus, Mr. and Mrs. A. Madruga, the Misses Jeanette, Madeline and Elizabeth Silva, Mrs. Alice Calderia and Mrs. Louis Calderia.

A delicious dinner was served, and following it the evening was passed with games of all kinds, and dancing. Mr. Caldeira received many lovely gifts from friends, who reported a most delightful time.

Housewarming Given Mr. and Mrs. R. Grace

Approximately fifty people were present at the house-warming given at the home of Mr. and Mrs. R. Grace Tuesday evening. Many beautiful gifts were presented the couple for their new home, which is one of the most beautiful and modern in the comunity.

Entertainment of the evening consisted of several skits and music by the Girls Kitchen orchestra. Refreshments were served at midnight.

PLEASASTON FIRE DESTROYS BARN ON LEWIS ESTATE

Short Circuit In Automobile Is Believed To Have Been Cause of Blaze

Fire believed to have started from a short circuit in an automobile, completely destroyed the barn at the rear of M. R. Lewis' home at the corner of Rose avenue and St. Augustine's street, Pleasanton, Tuesday evening at 8 o'clock.

The interior of the barn was a raging inferno before the blaze was discovered and was completely ruined despite the work of the fire department. The loss was estimated at about $500.

The firemen devoted most of their efforts to keeping the fire from spreading, the barn being very close to the Lewis home.

NILES BOY SCOUTS HOLD FIRST MEET OF FALL SEASON

Marshall Green Tells of Seven Years In Scout Work

First regular business meeting of the season was held by Boy Scout troop No. 1, of Niles, Friday night. A large number of boys were present, as well as Scout Committeemen A. M. Alves, J. E. Townsend, and Elmer C. Brinkmeyer. Marshall Green, Scout Master, presided at the meeting and was assisted by James Geib, assistant scoutmaster.

As this was a special meeting first class scouts sponsored a social hour and served delicious refreshments. Scout Master Green made a speech, telling of his scouting during the seven years since he had joined the original troop in Niles. Following is a part of his speech:

"I first joined the scouts in February, 1924. Officers then were Roland Bendel, master, and Rice, assistant. Committeemen were Pfieffer, Marston Dassel, L. Scott and E. Dixon Bristow. We met at the Grammar school first and after that at Hotel Belvoir.

"In February I received a tenderfoot badge, second class in June, and first class in December. This was a big event in my life. A short time later I was made assistant to the patrol leader, under John Bunting of the Fox patrol. Next I became patrol leader, and that was the beginning of my first leadership; taking me toward the undreamed of goal of some day being a scout master.

"About this time there was trouble and the troop moved to a barn. Rice had moved away and Bendel resigned, after which scouts were idle for a few months. Goozee next took charge of us and I was placed as leader following John Bunting, who also left. He was our first and only Eagle scout.

"Our next place of meeting was the church. A decided advance was shown by the entire group, for its members became interested enough to get new suits and promote features of entertainment. Scout Master Goozee was very strict, but he made Niles troop the best in the township.

"In 1925 twenty-four scouts were registered. This was also the first year that any Niles boys went to scout camp. Frank Ferry and I are the only veteran scouts who went to camp that year. During the fall of 1925 Goozee was called to a church in Oakland and again the troop was disbanded. Next in control was J. Goldener, but he did not stay very long and it was necessary to find someone else. Our meetings then were held in the court house. Hopkins, scout official, got Wilson to take a position, and it was then that I was pursuaded to act as assistant scout master. For a long time I worked with the boys, but could make no headway. I needed something to create interest; to attract them to meetings again. At times only a dozen scouts would be present. Finally I seized upon the idea of having contests, and developing a competitive spirit in the boys. Slowly I began to win them back to the troop. It was difficult, and more so because they did not look upon me as a real leader, but only as a boy like themselves.

"About this time it became necessary that we look for another place for meetings. Time was about May, a year ago. J. E. Townsend originated the idea of having a real scout house, troop owned, and Courter, reporter for the Register at that time, learned that it might be possible to get a building on Main street which was owned by E. A. Ellsworth. After much planning the building was ours. Right now I want to say that the same four or five fellows who worked the hardest for it were the ones who were faithful and stood by me when the troop's future looked pretty black. These boys can realize what it means to say that we own our own home.

"To the committee and myself this was one of those big events that come in the lives of little men. From this talk one can know what a fight it has been to make this troop what it is today, after being through thick and thin for seven years. One learns to appreciate what an organization of this kind really is when one goes over history that tells of the uphill climb."

Manuel Avilla Is Hit By Automobile In Pleasanton

Injuries Are Not Serious, Doctor In Charge States

Manuel Avilla is reported this week to be recovering from serious injuries received recently in Pleasanton when he was struck by an automobile driven by Walter Hulquist, according to police.

Avilla is said to have run from behind a parked car on Main street directly into the Hulquist car. It is thought that the side wings of the car struck him in the face and caused him to be thrown heavily to the pavement.

It was at first thought that Avilla suffered a fractured skull. He is badly cut and bruised, according to doctors.

FAVORITE STARS "CAUGHT SHORT" ON NILES SCREEN

Polly Moran and Louise Dressler in "Caught Short," an all talking picture, will be at the Niles theater tonight. On Saturday a double bill will be presented, starring Buffalo Bill, Jr., in "Bar L Ranch" and Laura La Plante in "Hold Your Man." Both pictures are all talking and are of great amusement value.

Sunday and Monday will bring Jack Holt and Ralph Graves in "Hell's Island," another all talking screen success Next week will see the arrival of the "Big House" in Niles, and then fans will have an opportunity to see a picture that is extraordinary in many ways.

HIGHER STANDARDS TO BE RESULT OF CAMPAIGNS

Higher standards of highway ethics are expected to result from the present campaign of the Safety Conference of the California State Chamber of Commerce, which stresses the employment of courtesy by the motoring public, according to an announcement received today.

Disregard for the rights of others, on the streets and highways, is one of the greatest factors in the traffic problems of today, according to the Safety Conference, which, in instituting this Courtesy Campaign, hopes to materially reduce the deaths and injuries from traffic accidents.

"A motorist is lacking in courtesy when he: Contests the right of way; Fails to use the proper arm signal; Refuses to slow down at intersections; Does not keep within the speed limit; Is not alert and careful; Failure to observe this etiqoette of the road is responsible for the majority of serious accidents, the bulletin states.

Throughout the entire state, local women's committees of the Safety Conference are carrying the word Courtesy as a fundamental safety factor into homes and business life, through service clubs, chambers of commerce, California Federation of Women's Clubs, California Congress of Parents and Teachers, Business and Professional Women's Clubs, and other organizations interested in lowering the highway death rate.

Centerville Girl Bride Of Theodore Silverria Monday

Miss Madelyn Furtado, popular in the younger social set of this township, became the bride of Theodore Silverria on Monday of last week at a lovely wedding solemnized at the Holy Ghost church at Centerville. Rev. Father Souza, pastor of the church, officiated at the ceremony. Only immediate members of both families were present and the scene was one of impressive solemnity.

The bridal dress was designed in eggshell satin with the long lines now in favor. A white lace veil and shower bouquet completed the costume. The groom wore formal dress for the occasion.

Miss Veronica Furtado, sister of the bride, was maid of honor, and Albert Silverria, brother of the groom, acted as best man. Following the nupitals the bride's parents entertained at their lovely home for the wedding party. Many kinds of flowers were used in the decorations of the dining room, and the scene was one of merriment and festivity.

Scores of beautiful gifts were displayed that had been received from the many friends and well-wishers of both the bride and groom.

Mr. and Mrs. Silverria are now honeymooning in southern California. Extent of their sojourn in that locality is not known.

Mr. Silverria is well known here and in Warm Springs, where his business interests are located. Mrs. Silverria is a graduate of Washington Union High school.

Mrs. T. E. Chadbourne Hostess at Luncheon

Mrs T. E. Chadbourne entertained a group of friends at a luncheon last week, and the tables were laid out-of-doors in a grape pergola in a beautiful garden.

Mrs. May Patterson, Mrs. E. Myers, Mrs. A. May, Mrs Henry May, Mrs. F. Myers, Mrs. Mary Haley, Mrs. J. Hurlburt, Mrs. E. Chandler, Mrs. H. Searles, Mrs. F. O Bunting, and Mrs Lovelace were among the invited guests.

Ralph Emerson will return next Sunday from a deerhunting trip to Whitlock ranch. He has brought in the limit of game, reports Mrs. Emerson.

COLORADO TRIP

Mr. and Mrs. Manuel Santos left Sunday on a two weeks vacation which will be spent in Colorado and near the Grand Canyon. They will visit in Denver and will make an ascent of famous Pike's Peak, one of the most thrilling mountain climbs in the world. In addition to this they will visit many other places of historical and scenic interest.

Mr. and Mrs. William Steele were guests at the home of Mr. and Mrs. Robert Blacow this weekend.

FOOTBALL LINE-UP GIVEN FOR LOCAL HIGH SCHOOL TEAM

Ten Games Will Be Played Between Now and Armistice Day

Line-up for football games to be played by Washington Union High school has been reported by officials of the athletic department, and following is the schedule of plays:

San Leandro vs. W. U. H. S. at Centerville, September 12.

Hollister vs. W. U. H. S. at Centerville, September 20.

Mt. View vs. W. U. H. S. at Mt. View, September 26.

Santa Clara vs. W. U. H S. at Centerville, October 3.

Pittsburgh, first team, vs. W. U. H. S. at Pittsburgh, October 10.

Pittsburgh, second team, vs. W. U. H. S. at Centerville, October 14.

Livermore vs. W. U. H. S. at Livermore, October 17.

Pleasanton vs. W. U. H. S., at Pleasanton, October 24.

Berkeley vs. W. U. H. S. at Centerville, October 30.

Hayward vs. W. U. H. S. at Centerville, November 11.

Last game on the line-up is scheduled to be the big game of the year, for Hayward is an old foe of Washington that has proved powerful in the past. Each year players on both sides do a battle royal, and if one or the other is defeated it is not because the players weakened. For example of real sporting spirit the football boys are past masters, and are a credit to their school and Washington township as a whole.

SHED DESTROYED

A drying shed on the Otto Hirsch ranch near Centerville caught on fire from burning brush Monday. All attempts of Centerville firemen to extinguish it were useless. PASTOR RETURNS

Rev. MacElhinney, of the Centerville Presbyterian church, has returned home from a month's stay at Los Angeles, where he attended a session of the Presbytery in August.

Others from this region who attended this session were J. Fair, of Centerville, and Rev. E. Mathes of the Newark Presbyterian church.

NIGHT SCHOOL OPENS TONIGHT, THURSDAY, AT W. U. H. S.

E. B. Hodges, principal of Washington Union High school, Centerville, has announced the opening of night school, which will start tonight, September 11, at 7 o'clock sharp. Anyone interested in this opportunity for education is urged to attend and enroll for courses.

Ten students are necessary for one class, and a group of this size can take up any subject desired. However, no class will be organized with less than this number.

All courses of study given at day school are available for night pupils. The same teachers will give instructions. All books and other school equipment will be supplied by the institution.

This is a great opportunity for anyone desiring education for books of every kind are in the library, which is especially convenient for research work. Another advantage of night school is that those wishing to complete a course which has been disrupted may do so.

Following opening of the night school classes will continue throughout the winter, convening every Tuesday and Thursday night at 7.

ED. HAYNES NOW OPERATING LOCAL CLEANING PLANT

Ed. Haynes, well known business man of Niles and Hayward, has taken over management of the Township Cleaners establishment, which was formerly operated by Leon Crapuchettes. Miss Madeline Azevedo, of Mission San Jose, who has been office manager of the Niles Cleaners and Dyers, has been transferred to Centerville.

Haynes is now operating three establishments of this kind, and only the most modern equipment is in use in these plants. He has been doing work of this kind for eighteen years and the high quality of finished articles speaks well for his experience. His original business was established in Chicago, and since then he has been located in various communities in California; finally making this district his field of operation. For information concerning cleaning rates see the advertisement now appearing in the Register.

TENNIS COURT MAY BE ADDED AT AMADOR HIGH

Trustees Consider Several Items of Needed Improvements

Improvements contemplated for the Amador Valley High school, Pleasanton, this year include oiling, draining, grading and gravelling the parking area surrounding the buildings, according to the board of trustees, who took the matter under consideration at the meeting last Friday.

Included in the improvements will be tennis courts, and additional shower and locker rooms for the boys.

It was revealed that many of the students have been asking for tennis courts, and that during the past season it was necessary for the boys to use the girls' shower rooms at times, causing inconvenience for both sexes of students.

The agitation for tennis courts is meeting with approval from the trustees, it was said. There are no courts in Pleasanton where the students may enjoy this form of sport, it was pointed out, and in keeping with the board's attitude of providing the students with every practicable form of extra-curriculum subject, it is believed that this improvement will be added.

Before the board decides definitely upon the improvements, bids will be asked and an estimated cost obtained.

High School Enrolls 400 Students For Coming Year

At present 400 students have enrolled at Washington Union High school, and approximately fifty more are expected within the next few weeks, according to E. B. Hodges, principal. With the beginning of the term, which started September 2, teachers and pupils became acquainted and classes were organized. A large class of freshmen from the eight grammar schools in Washington township were assimulated into the general rountine of study, and with its members placed, the school began to take on the more peaceful atmosphere more prevalent later in the year.

Right now Washington Union High school is one of the show places of the district. Standing on the highway right outside of Centerville it lends dignity and grace to the surrounding country. As passing people view it they see one of the highest type aducational plants there is today in the state.

Set in a wide expanse of green, velvety lawns, with colorful flowers giving them a touch of brightness here and there, are the low rambling buildings that house so many of the young people of the township for ten months out of the year. Inside long shadowed halls lead off into various sections of the main building, where departments of learning are located.

In the study rooms wide windows admit plenty of light and ventilation, and during the coldest months a steam heating system keeps rooms at the same temperature necessary for health.

In addition to other buildings a new gymnasium is now under construction, and officials hope to see its completion wthin another month. Here there will be ample room for sport activities, and physical education for both boys and girls. Separate rooms are being fitted out for both sexes so that no intermingling will be necessary during study periods.

As the auditorium in the main school building has already been outgrown, in the future the new gymnasium will be used for social affairs and any activity where a large crowd will gather.. Bleachers will provide seating space and the whole will be heated in winter by an extension of the same steam system employed in the study rooms. Shower rooms and practice rooms are also part of the gymnasium.

For years Washington Union High school students have been looking forward to owning a building of this kind, and now that dream is all but realized. One of the most pleasing features of the whole thing is that students will be enabled to continue their physical education and training for all of the ten school months, instead of dropping both during periods of rain when outdoor work it uterly impossible. Game schedules will not be disrupted by sudden rainfall, because, without inconveniencing anyone in any way plays can be carried on under cover.

NEW HOME

Joseph Jason is having a new home constructed on School street, Centerville, and it is said that when completed it will be one of the finest in the community. There will be eight rooms, and all of the latest improvements will be installed.

Mrs. Austin Waldron is entertaining her sister, Mrs. Lena Blacow, of San Jose, this week.

PLEASANTON JAIL PLACED IN VERY SANITARY SHAPE

Report to Council Shows Improvements Are Completed

Pleasanon's city jail has been cleansed until at present its condition is sanitary, according to a report made by Police Chief Wm. T. Tavis to city council Tuesday evening.

He stated that with the assistance of M. M. Rodrigues, he had removed the vermin infested articles from the jail and burned them; sent blankets to the laundry; and had thoroughly hosed out the interior of the bastile.

One room of the jail has been fixed up as a search room and storage space. There are now towels and soap for the prisoners and other proper provisions made for their sanitary protection.

ANOTHER VICTORY FOR LESLIES SUNDAY

Leslie Salts have again come forth from battle with a game to their credit. Defeating J. J. Kreigs baseball team Sunday chalks them up for four victories in a row. Present play seems to indicate that the winter league will have some strong competition when nine husky lads go forth to win the golden ball which will be the award for supremacy

Entire support of the home team was given "Shine" Silva Sunday while he pitched the game. Dutra led Salts batting with three for three while Silva led for Kreigs with two for four. Three base hits were made by Ameral; two base hits by Ameral, Rose, Silva, Lazzerini and Cavalko. Errors were chalked up for Ewart, Dutra, Silva and Rose. Silva struck out seven players, Roderick three, and Bryan six Following is the lineup and score:

LIFTING OF TAX ON NON-PROFIT HOSPITALS ASKED

Groups Unite to Promote Passage of Amendment No. Six

A state-wide educational campaign on the behalf of Constitutional Amendment Number Six has just been initiated with the support of leaders in Protestant, Catholic and Jewish organizations, the California State Federation of Labor, Women's Clubs and hospital officials. This amendment, to be voted upon November 4, provides tax exemption for the non-profit hospitals in this state. The plan of education is being conducted by the California Committee for Tax Exemption of the Non-Profit hospitals.

Pleasanton is especially interested in this amendment as a community hospital of the non-profit rating is being considered here at the present time.

"Forty-five states in the union already provide tax relief for the non-profit hospitals," states G. W. Curtis, of Santa Barbara Cottage Hospital and general chairman of the California committee. "Tax exemption has been granted to the non-profit hospitals in these forty-five states on the ground that these hospitals share the public burden and are not commercial in character."

Free service of over $2,500,000 was contributed by sixty-four non-profit hospitals in California during 1929, according to Curtis. A non-profit hospital is distinguished from other hosptals in that all earnings from the institution are devoted to the conduct of the hospital and no officer, trustee, or director receives any dividends, fees or payments for their services, it was explained.

Of these 64 hospitals reporting 12 are under Protestant auspices, 17 under Catholic auspices, 3 Jew, 9 Labor and Fraternal; and 23 Community, and therefore non-sectarian.

ORDER IS GIVEN TO MEND STREETS BY PLEASANTON

P. G. & E. Ordered to Fix Damage Done In Laying Main

Drastic action is planned by City Engineer Hugh Sinclair, of Pleasanton, against the Pacific Gas and Electric Company should that corporation fail to repair the streets of that city in which gas mains were placed some months ago. In his report to council Sinclair stated that several of the streets are in bad condition because of the poor work on the part of the company in filling in the ditches.

Councilman Frank Garatti called attention especially to the condition of First, Second and Division streets, and requested that the engineer get action at once.

Sinclair stated that the company had promised to send workmen there a week ago to do the repairing, but to date they had not arrived.

It is wise not to drive the car at a high rate of speed if the inner tube is patched. Wheels zigzag on the road when traveling at an excessive speed, and this action causes a good deal of friction. Heat is then developed, and this causes the patches to melt, and then the tire to go flat.

When cold winds blow
~have a portable electric heater ready

Prepare now for the sudden changes from warm to cold weather.

Take your portable electric heater out of its hiding place. Polish its reflector. Remove the wire guard and screw the heating element tight. Make sure that the extension cord is neither frayed nor broken, and that the plug fits snugly into a convenience outlet. Now you have your heater ready for another season's use.

As you know, your portable electric heater gives a cozy beam of heat—in the bedroom, in the bathroom, or in the breakfast nook. And when the children come home with cold, wet feet the clean, healthful warmth helps prevent colds.

If you haven't a portable electric heater, you can see them on display at our office or your dealer's store.

Fire Trucks Must Be Given Complete Right - Of - Way Or Offenders Will Be Arrested

Fire Chief Bert Rathbun Issues Final Warning In This Matter

With every fire alarm in Niles the driver of the engine is forced to observe more than ordinary care in piloting the vehicles. More care in fact than if driving an ordinary automobile with no place in particular to go.

He is forced to do this in order to safeguard the lives and property of thoughtless motorists who persist in dashing out ahead of the trucks instead of giving it the right-of-way.

Fire Chief Claude Rathbun has asked the co-operation of the citizens in this respect, and has received it from many who now follow the truck instead of trying to beat it. To these persons the appreciation of the fire department is extended, Chief Rathbun stated.

The others, however, are a menace to themselves as well as all others.

In this connection, the fire chief has asked that the following clipping from the "Fire Engineering" be published:

"Often the small town newspaper tells its story in homely but vigorous phrases which express very clearly, if not in the most select English, what is wanted. The following, taken from a Southern daily, is certainly a gem of expressiveness and strikes direct from the shoulder.

"'Remember a fire truck has full right-of-way over everybody, and that you are violating the law and common sense when you dash in front of it going to a fire. And, besides, you are flirting with the undertaker, both for yourself and those on the truck. Everybody in a country town wants to get to a fire first. That's natural. And interest, of course, should be shown when property is at stake. But remember that we now have a fire department and a truck; that the truck should get there before you do; and that it should be unhampered when it does get there. Who can do the most good at the fire, you or the truck? To ask such a question is to put the anwer in your own mind. All right then, let us be governed accordingly the next time the siren sounds, and let everybody get out of the way of the truck and by all means, for God's sake remember, **don't park in front of a fire plug.**'

"It is natural for the autoist to wish to join the procession of rushing cars chasing a fire apparatus to a blaze. The excitement is contagious. But the exercise of a little thought and forbearance on his part may result in the saving of his own life and those of some of the firemen, through the avoidance of collision with the speeding fire aparatus.

Does Small Town Newspaper Advertising Pay?

Read What one of the Largest Banks in America Says About it!

The Bank of Italy has Expressed Itself Very Decidedly in the Following Letter . . . . .

SAN FRANCISCO, CALIF., SEPT. 8, 1930

MR. NORMAN H. PARKS,
TOWNSHIP REGISTER,
NILES, CALIFORNIA.

DEAR MR. PARKS:

We have received a number of letters from newspapers, asking if the Bank of Italy contemplated any cut in its advertising schedule with California newspapers. This letter is intended as an answer to such inquiries and to further bring to your attention the advertising policy of the Bank of Italy.

While many corporations are curtailing their advertising, as a part of a retrenchment program, we feel that the results obtained by us more than justify continuation of our regular appropriation. In fact, we increased our schedule very materially for the month of August as is evidenced by the volume of advertising you receive from us.

We shall continue to use your publication, as our experience has shown us that your readers follow the recommendations given in your advertising columns.

We have always been strong believers in the policy of keeping our message constantly before the people and in the value of repetition in advertising. From results obtained in the past, I can think of nothing that might occur, even in these times, that would cause us to alter our program.

Yours very truly,

PETER MICHELSON,
Advertising Manager,
BANK OF ITALY.

Quality Of Milk In Pleasanton Shows Rapid Improvement

Low Bacteria Count Is Recorded in Various Tests There

Dairymen of Pleasanton Township are bending every effort to bring their milk to a point even above the requirements of law, according to Nelson E. Clemmens, milk inspector for the city. The inspector has found the dairymen, creamery men, and retailers more than willing to co-operate with the result that milk sold in Pleasanton is of the highest quality.

Regardless of which producer the supply comes from, the quality is assured, Clemmens said.

On the side of the dairyman, Clemmens is held in high favor. He is liked by practically all of the producers as his methods of correction are such that none are imposed upon, and his co-operation makes it possible for the producer to be able to continue his business to the best advantage.

Last week one dairyman received a highly complimentary letter from the inspector, along with a very satisfactory test of the milk. Clemmens told this producer that he was to be complimented upon the care of his milk. Accompanying the letter was a report of the test which showed the following:

Bacteria count 7,500; and butter fat 4.1.

The milk was 24 hours old at the time of the test. The law allows a bacteria count of about 150,000 and a butter fat as low as 3.3.

Under these conditions Pleasanton milk consumers are asured of grade A milk at all times and from all dealers. The milk ordinance has been in effect only three months, but during that time the quality of milk sold in Pleasanton has improved over 50 percent and is certain to continue at the present high level of excellence, it was said.

CITY GOVERNMENT PER CAPITA COST AMOUNTS TO $6.05

Pleasanton Compares Favorably With Other Communities Its Size

Costs of the city government in Pleasanton for all of its various activities amounts to $6.05 per capita, according to figures released this week by Ray L. Riley state controller, as based on the 1930 census returns. The figures were for municipal governments in cities having a population over 1,000 and under 1,300.

Pleasanton just came within that regulation, the 1930 census showing the city to have 1232 citizens.

This per capita cost was divided as follows:

City governmens $2.65; Police Protection $2.58; Fire Protection .48; and Recreation .34.

In comparison with other cities in Northern California within this population range, the costs in Pleasanton are about as low as any considering that Pleasanton has almost the limit in population on which the figures were based.

The other cities listed and the costs per capita were as follows:

Newman: $2.26 for city government, $2.80 for police protection, $1.32 for fire protection, and $1.82 for recreation; Larkspur: $2.27 for city government, $2.03 for police protection, .19 for fire protection, and .14 for recreation; Fortuna: $1.02 for city government, .79 for police protection, .32 for fire protection, and .33 for recreation; Davis: $2.58 for city government, $2 for police protection, .32 for fire protection, and .08 for recreation; Orland: $1.67 for city government, $2.22 for police protection, $1.28 for fire protection, and $1.45 for recreation; Fowler: $3.10 for city government, $4.94 for police protection, .72 for fire protection; and .42 for recreation; Concord: $3.81 for city government, $1.60 for police protection, .67 for fire protection, and .55 for recreation; and Fairfield: $1.49 for city government, $2.42 for police protection, $1.49 for fire protection, and .13 for recreation.

ENROLLMEMT NOW TOTALS OVER 400 IN PLEASANTON

Grammar School Has 315 Students; High School Numbers 115

Enrollment in the schools of Pleasanton increased this week to approximately 440, with a few more pupils expected to enroll the first of next week. At the grammar school the attendance is averaging 315, Principal V. Bernard Johnson stated. At the high school the enrollment is 120, R. O. Moyer announced.

New students attending Amador Valley High School this year include:

Jane Robb from Kentucky High School; Velna Roych from Greenville High School; Kenward Sexton from Castlemont; Milton Kissinger from Fulerton; Hazel Garatti from San Rafael; and Margaret Chivers from Sonora.

At the grammar school the Kintergarten is reported doing very nicely with an enrollment of fifteen.

LLOYD GOMES IS ELECTED TO LEAD PLEASANTON TEAM

New Captain Has High Hopes of Winning Eleven

Lloyd Gomes was elected captain of the Amador Valley High School football team last week. Muggs George was named manager.

The team is rapidly rounding into shape. Most of the players are complaining of some sore muscles following the first week's grind, but with two weeks still ahead of them before the opening game at Danville. all players are expected to be in first class shape.

Light scrimmage will be indulged in next week, according to Captain Gomes. Formations and signal drills have been worked over the past week.

Speed Laws Vary Between 20 To 50 Miles Over Nation

Motorists Should Know All Limits Before Starting On Tour

During this season of touring it behooves every motorist to keep himself posted upon the speed limits of the vairous states he visits, according to Police Chief Wm. T. Davis, of Pleasanton, who during the past few weeks has had opportunity to warn out-of-state drivers.

From the various replies of the speed regulations the motorists have given him, he followed with a check up and discovered some very interesting facts.

Among the facts learned were that maximum speed limits were abolished in five states during 1929. These states where there is no speed limit are Indiana, Tennessee, Vermont, Kansas, and Wisconsin. In these states the speed is "reasonable and proper," and in effect means that the rate of speed cannot be considered as prima facie evidence of reckless driving.

During the past year several states have increased the speed limits in order to speed up traffic on the main highways, with Nevada taking the lead in regulations, placing the speed limit at 50 miles per hour. The states raising the speed limits were:

California 35 to 40 miles per hour; Delaware 30 to 35 miles per hour; Illinois 35 to 45 miles per hour; Minnesota 35 to 45 miles per hour; Nebraska 35 to 45 miles per hour; Nevada 45 to 50 miles per hour; New Mexico 35 to 45 miles per hour; Ohio 35 to 45 miles per hour; South Dakota 25 to 40 miles per hour; Texas 35 to 45 miles per hour; and Virginia 35 to 45 miles per hour.

With the addition of five states in 1929 to the no maximum speed law, there are now eleven such states in the country, as follows:

Connecticut, Florida, Indiana, Kansas, Maine, Michigan, Montana, Tennessee, Vermont, Wiscosin, and Wyoming.

SCOUTING AGAIN TO BE DISCUSSED BY LOCAL LIONS

Lions to Devote Next Meet Entirely to Busines Items

Definite plans for reviving Boy Scout work in Pleasanton will be formulated at the next regular meeting of the Pleasanton Lions club to be held Tuesday evening September 2, at Ratti's restaurant, according to an announcement by officers this week.

This major project of the club has lain dormant during the summer months at the suggestion of the Scout committee, but now with schools again in full operation, the question again becomes an important one and every member of the club has been asked to make suggestions for the betterment of the project.

Next week's meeting will be devoted entirely to business, as during the past month there has been a speaker at each meeting and but little club business was transacted. Because of the importance of several items of business to come before the club next Tuesday, every member has been urged to attend.

C. H. West was the speaker at the last meeting.

SIX MEN SEEK NIGHT PATROL JOB AT PLEASANTON

One Application to Council Fails To Carry Signature

Six applicaions for the position of night watchman were received by Pleasanton city council at its meeting on last week. The letters were ordered placed on the tables for further consideration at the next regular meeting.

Antone Petersen is now temporarily holding down the job.

Council is wondering who the sixth party is who desires the night watch position. This particular applicant's letter was made out in proper form, but lacked a signature. Inasmuch as the matter was laid over until next meeting, this applicant will have the opportunity of correcting his mistake before then.

Those whose applications were placed on file were: John J. Delucchi, Joseph E. Siggins, John H. Porte, John C. Phillips and Carroll Skinner.

Elsinore — Bonds approved to provide funds for construction of new sewer system in this place.

HARRY ROSE WRECKS CAR WHEN ASLEEP

ACCORDING TO reports Harry Rose, an Irvington business man, practically demolished his automobile, a Buick coupe, when he went to sleep at the steering wheel while driving home from a dance one night last week. Fortunately, Mr. Rose is said to be enjoying perfect health, as he received no injuries when his car hit a telephone pole by the side of the highway. The accident occurred on the Berryessa road. and the car was later removed to an Irvington garage for possible repairs.

Mr. and Mrs. Alfred Kiep and twin babies, of San Francisco, spent Labor Day at the Hirsh home. Mrs. Hirsh is the great-grandmother of the twins.

* * *

Mr. and Mrs. Thomas J. Powers and two children, Paul and Ellen, spent the week-end at Santa Cruz. They returned home by way of the Skyline Boulevard, Labor Day.

IRVINGTON GOLF GARDENS OPENS COURT THIS WEEK

Another minature golf course has been constructed in Washington township; its location being at Irvington, and it is to be called the Irvington Golf Gardens, Harry Rose, well known in this community, is owner, and is to be assisted by Ann Rose, also of Irvington.

There will be the regulation eighteen holes on this course, and a great deal of effort has been put forth to make it one of the most unique and interesting of its kind. Several hazards are rather difficult, but they only add to the attraction of the course.

As yet this course is not open for play, but according to reports will be completed in a few days.

Short circuits are sometimes found to originate with an acid soaked battery box. This acid forms an electrical path between the battery terminals and damp battery box to the metal frame in which the battery rests. A temporary remedy is dry wood between the battery box and metal frame.
